Questions & Answers

1. Would you like to see billing hourly, based on job, etc?  
Either would be fine, just send in what your business' current billing looks like.
2. Radio- what would you need help with for that?  
It would be more script writing. Our AD has an amazing radio voice, we use her for that portion.
3. TV- what would you need for that?  
This would be script writing as well.
