

Supervised Visitation Services
Bidder's Conference Questions & Answers
April 1, 2021
OhioMeansJobs | Licking County

1. Payment: Are you looking for an hourly rate or yearly cost?
 - a. We are looking for an hourly rate and a total cost.

2. Volumes: What are the hours of visits? How many families? What's the exchange process?
 - a. Visits at our agency are set up in 2-hour increments, this would be similar, unless a missed visit would need to be rescheduled or made up.
 - b. The availability of visits should be 7 days per week, with major holidays excluded.
 - c. We would expect about 25-40 visits per month.
 - d. At the agency, foster parents and biological parents are kept separate. The exchange is made in a professional waiting room and our staff brings the children to their parents.
 - e. At our agency we use an observation room with 2-way glass to observe visits.

3. Have you considered expanding internally for your needs?
 - a. Yes, we have, at this time we are maxed out on space at the agency.

4. Looking at the RFP, it states that preparing meals is something families do together, does the space have to have a kitchen for families to cook?
 - a. Not necessarily to cook but they do need a space for families to enjoy meals/snacks together, perhaps a table they can sit at together and enjoy food.

5. Where is your office located?
 - a. We are in Newark, Ohio.
